SOMERSET LIGHT OIL ADVANCES TO TWO DOLLARS

OTHER GRADES ALSO GO UP 10c TO 25c PER BARREL.

Pittsburgh, April 18.—An increase in the price of crude oil was announced here today by the principal purchasing agencies. The increase ranged from 10 to 25 cents a barrel.

The new prices effective today follow: Pennsylvania crude, \$3.25, an increase of 25 cents; Cabell, \$1.96, an increase of 10 cents; Somerset light, \$2, an increase of 20 cents; Ragland, \$1.15, an increase of 10 cents.

The advance on the Somerset grades of crude oil, the principal product of the Kentucky oil fields is the first in many months and marks the turn in a market which experienced a precipitous drop in the first ten weeks of '21. Somerset light oil was at a high record point of \$4.50 a barrel during most of 1920 and was at that point at the beginning of this year. Early in January a series of cuts were made effective, forcing the crude to a low of \$1.80.

Oil development in Kentucky has been held in check by the low crude oil prices and relatively high cost of operating. The opinion has been that an increase in crude oil prices would increase oil development interest in this state to a considerable degree.

Drilling to be resumed. King & King, contractors running several strings of tools in the Blaine-Keaton field, on the Union Gas & Oil Company's property, will resume work the 25th instant, after having been shut down for a few weeks. All of the other rigs operating for that company (about 20) will resume except three, it is reported.

Oil Well at Flat Gap. Watkins & Preston have completed oil well No. 1, near Flat Gap, for the Jeff Newberry Oil Company. Oil was found in the Berea grit at about 850 feet in paying quantities. Work has started on well No. 2. This lease has no wells close to it and is therefore an important find. The stockholders are chiefly Huntington people.

Machine Shops in the Blaine-Keaton Field

R. E. Hennis, of the Cliff Boiler & Machine Company, is in Lee county for the purpose of moving a steam hammer and other oil well repair machinery to the Blaine-Keaton oil field of this county. There is a great deal of work to be done in the Blaine field and this plant will take care of all work there. The Louisa plant is well equipped and doing a lot of repair and general machine work.

Cities and Towns to Get No Road Aid

The State Road department has announced that it will not build any federal and state aid roads through cities or towns.

This means that the Mayo Trail will reach only to the corporate limits of Louisa, north and south. This settles a question of a good deal of interest to citizens on prospective routes through the town.

This does not cut out the old state aid contract that was entered into for Lock avenue and a portion of Pike, Main Cross and Main streets.

ANOTHER BIG GAS WELL.

Well No. 3 has been drilled in on the John A. Dorton farm near Red Bush, Johnson co. It is a gas well estimated at 1,250,000 cubic feet per day, which is better than the first well by about 250,000 feet. Tom Hays, G. R. Vinson, J. P. Miller and other Louisa and Ashland people are the owners of the lease.

TO BE MARRIED.

Announcement has been made of the engagement of Mr. Jesse R. Roberts and Miss Margaret Shackelford, of Portsmouth, Ohio. The date of the wedding will be May 10th. Mr. Roberts was a resident of Louisa during his boyhood and learned the printing business in the NEWS office.

STREET PAVING.

Excavation for paving on Lock avenue is now down to Dr. Burgess' residence. The asphalt is being applied on Madison street from Main Cross to the bridge. The curb and gutter is being laid on Main from Main Cross to the railroad.

B. E. Shannon has bought from Jno. M. Rice the remainder of his holdings of the property in Louisa formerly owned by his father, Judge John M. Rice.

Dr. Charles Fox Anderson was unanimously elected at last Sunday's services as representative of the Louisa Baptist church at the meeting of the Southern Baptists to be held in Chattanooga, Tenn., the first of May.

Z. K. Tahnoose, better known as Jack Thompson, arrived Sunday evening from Detroit, Mich., for a visit to Louisa friends. He is the guest of W. E. Queen and family. His many friends here are always glad to see him. Since returning from the army he has been in the grocery business in Detroit.

MORE FIGHTING NEAR WILLIAMSON, W. VA.

Williamson, W. Va., April 15.—A gun battle between mountaineers, fought in the hills last night near Hingee, Mingo county, and a knife fight between two men of one of the battling factions this morning, were reported to authorities here today.

It was not learned whether there were casualties in the gunbattle, which is said to have started over the seizure of moonshine whiskey, but Willie Vance, a participant in this morning's fight, suffered seven knife wounds. He is not expected to recover.

Many shots were fired at the home of Ben Maynard, on the Kentucky side of the Tug river, two miles east of Williamson, and opposite the Lick Creek tent colony of striking miners in West Virginia. Maynard is a Pike county (Ky.) deputy sheriff.

K. N. C. BUILDING BEING FINISHED

Work is moving rapidly on the Kentucky Normal College building. The upper floors, including the large auditorium, are receiving the finishing touches. Additional framing work has been completed and plastering is well under way. The ceiling of the auditorium is to be of ornamental steel, with large beams, giving the spacious room added attractiveness.

A contract has been let for opera chairs with which to seat the entire auditorium, main floor and balconies. The chairs will be delivered by the time the room is ready to receive them. The number required will be almost 1500.

ELECTRIC PLANT IS LATEST MOVE IN CITY OF LOUISA

Mr. Mayfield, of Covington, is in Louisa trying to arrange for the installation of an electric plant for lights and power. His firm has built plants in several Kentucky towns.

Mr. Mayfield examined the franchise and rates recently approved by members of the city council and said it is satisfactory to him. He will ask the council at the next meeting for a franchise.

He has called attention to one fact that has not been generally realized here. Louisa is the largest city in Kentucky that has no general electric light and power service. This is accounted for by the fact that natural gas has been so generally used here for 25 years.

The city has now reached the point where an electric plant would pay and the opportunity will not long remain open.

Louisa's future never looked so bright as at present. Her favorable location, good citizenship and awakened spirit are beginning to show results.

Circus Coming to Louisa Saturday, April 30th

The Circus is coming—holds many interests for every member of the family. For example, little Willie's behavior has been beyond reproach. He has seen the flaming posters announcing the coming of the circus and nightly chores are done with a precision which has caused mothers to take particular notice. Willie has felt the thrill.

The special trains bearing the Campbell-Halley-Hutchinson Combined Circus and Wild West will arrive in Louisa at daybreak Saturday, April 30.

The glittering mile long free street parade will take place at noon and there will be two complete performances at 2 and 8 p. m. Doors will open one hour earlier.

Lawrence Co. Public Road & Bridge Bonds For Sale

The undersigned commissioners appointed by the Lawrence Fiscal Court hereby offer for sale to the highest and best bidder or bidders a total of one hundred and fifty thousand dollars of Public Road and Bridge Bonds issued by Lawrence County, Kentucky, under authority of the laws of Kentucky, and in virtue of the vote of the people on December 20, 1919, for the purpose of building roads and bridges. These bonds are dated May 15, 1920, and are in denominations of \$500 and \$1000 each five years thereafter up to five per cent per annum, payable semi-annually. \$30,000.00 of these bonds mature five years from date and \$20,000.00 each five years thereafter up to 1945. The law provides that no bid at less than par and accrued interest can be accepted under this advertisement. The right to reject any and all bids is reserved. Bids will be received until noon of May 2, 1921, by the undersigned at Louisa, Ky.

G. R. VINSON,
M. F. CONLEY,
C. F. OSBORN,
Commissioners.

REV. HEWLETT AT YATESVILLE.

Rev. H. B. Hewlett has been invited to preach at Yatesville on Sunday, May 1st. He expects to be there and preach at both the morning and afternoon services, that day.

Mrs. B. J. Chaffin and daughter, Miss Lou, were in Ashland a few days ago. Miss Lou went on to Holden, W. Va., for a visit to Mrs. W. S. Frazier.

BIG SANDY COAL HAS HIGH RATE

WHY NOT REDUCE IT RATHER THAN RAISE L. & N. RATE?

Coal rates from Eastern Kentucky and West Virginia to Cincinnati, Louisville and intermediate points were discussed at a joint meeting of the Coal, Coke and Iron Ore Committee of the Central Freight Association and the Southern Freight Traffic Committee for the railroads, and many interested shippers and coal operators from the various points concerned in the proposed increase of rates on coal over the Louisville & Nashville railroad, at the Hotel Sinton in Cincinnati.

The hearing was on the question raised by shippers and others who are affected by the differential of 35 cents a ton in favor of the L. & N., as against competitors who ship over the C. & O. and the N. & W.

Present rates on coal from the McRoberts district on the L. & N. are \$17.5 a ton, while those from the Kanawha district are \$21.0 a ton. The difference was created when increased rates went into effect last August, and was the result of unequal increases up-dated in making the rates.

Prior to last August the rates were practically the same, but when an increase of 40 per cent was made on coal from the Kanawha district and 25 per cent on coal from the McRoberts, the relation of the tariffs from the two sections was thrown out of alignment. It is because of this that shippers on the C. & O. and N. & W. have asked that the L. & N. rates be raised to \$2 a ton. The old rate from both sections was \$15.00 per ton.

E. H. Dulaney, of the L. & N., said that his road was willing to make the adjustment of the rates to the gauge asked by shippers.

County Board Makes Large Raise in Valuations

The Lawrence County Board of Equalization, recently in session, has reported the following results to the State Tax Commission:

| | |
|---------------------------------------|----------|
| Listed omitted lands..... | \$91,023 |
| Listed omitted town lots..... | 29,700 |
| Raised lands..... | 232,879 |
| Raised town lots..... | 80,960 |
| Raised personal property..... | 25,000 |
| Raised personal property..... | 19,055 |
| Listed mineral rights and leases..... | 129,155 |
| Listed mineral rights and leases..... | 89,000 |
| Listed live stock..... | 1,430 |
| Listed intangible property..... | 5,475 |
| Listed polls..... | 44 |

The State is reported to have asked for a \$200,000 increase, so the Frankfort authorities ought to be well pleased with the result.

Mrs. J. J. Johnson Appointed on State Committee

Mrs. Jock Carey Johnson, Jenkins, has been appointed woman member of the Democratic State Executive Committee from the Tenth Congressional District.

An appointment was made by Ralphy P. Wooten, Tenth District Executive Committeeman. Mrs. Johnson represented her district at the Democratic National Convention in San Francisco last year. She is the wife of former Senator J. J. Johnson and a daughter of Mr. and Mrs. Wm. Carey, of Louisa. Mrs. Johnson is a capable woman fully competent to help direct party affairs.

GO TO SUNDAY SCHOOL MAY 1ST

Kentucky's big Sunday school day for this year May 1st, when all persons are expected to attend the Sunday schools of their choice. Let everybody get the spirit of this great annual movement and boost it along.

The Sunday schools of Russell, Ky., have challenged Louisa schools for a contest on the greatest number attending that day.

AWARDED \$500.

Condemnation proceedings for a road right of way on Meads branch occupied the county court for two days this week. The jury awarded John Kline \$500 damages.

BURIAL AT HEWLETT.

Mrs. Robert Lynch, 63, died Tuesday of Bright's disease, at Kenova, W. Va. The body was taken to Hewlett, W. Va., where the funeral was held Thursday and interment was made in the Hewlett cemetery. Mrs. Lynch had been married twice, she was formerly Mrs. Mollie Pack. Beside her husband Robert Lynch, she leaves four sons, Herbert, Willie and James Lynch, and Jesse Pack.

BISHOP L. W. BURTON.

Bishop Lewis W. Burton, of the Episcopal Church, will be in Louisa next Monday and hold services at the St. E. Church that evening at 7:30. All are cordially invited to attend.

James F. Barnett, 23, Letcher county, Ky., to Miss Reta May Powell, 21, Cabell county, W. Va., were married in Huntington.

Edward O. Jones, 40, Breathitt county, Ky., and Miss Carrie Holly, 21, Cabell county, W. Va.

MRS. LEROY REID SUICIDE VICTIM

ILL HEALTH BELIEVED TO HAVE BEEN THE CAUSE OF RASH DEED.

The Logan (W. Va.) Democrat says: News that carried much sadness and regret to many residents of this city reached here the first of the week of the death at Beckley on Monday morning of Mrs. Leroy M. Reid, wife of the only son of Rev. W. L. Reid, former pastor of Nighthorn Memorial church, as the result of a bullet wound self-inflicted on Sunday night.

Mrs. Reid who was until her marriage a little more than a year ago, Miss Mattie H. Silling, daughter of Mrs. C. K. Silling, of Charleston, is reported to have been a sufferer from nervous disorders for several months, and most of that time under a doctor's care. This condition is believed to have been responsible for her rash act, which was evidently committed in a moment of temporary insanity.

She had completed arrangements for a visit with her mother at Charleston on Saturday night and had everything prepared for her departure on the Sunday morning train. Arising early, and without disturbing her young husband, reports state that she entered the bathroom, shot herself in the breast with a .32 calibre revolver and then walked back into the bedroom and told her startled husband that she wanted to die. Medical aid was hastily summoned and the patient was removed to the Beckley hospital where she lingered until four o'clock Monday morning.

The body was shipped to Charleston later the same day, where the funeral was held with interment in the Spring Hill cemetery.

Leroy M. Reid lived here during the year's his parent served as pastor of Nighthorn church and remained for a year or more afterward, being identified with the automobile business and maintaining a garage and sales agency. He served in the signal corps at various American camps during the war, and at the close of which he returned to the automobile business, locating in Charleston, where he first met the young woman who later became his wife. When Rev. Reid was assigned to the M. E. South pastorate at Beckley, about two years ago, Leroy and his bride moved there, and the former established for himself a garage and repair shop, which he still maintains, and which is understood to have been more than ordinarily successful.

Rev. Reid is now located in a northern conference, having been transferred there at his own request at the close of the last conference year. His health has not been of the best for some years as the result of a fall received at Prestonsburg, Ky., immediately following his Logan pastorate, and from which he received a broken collar bone and other injuries from which he has never completely recovered. His service in Logan occurred at the time the present Nighthorn Memorial church was being built, and his work in that enterprise will cause his name to ever be closely linked with the activities and history of the denomination in this section.

COUNTY TAX COMMISSIONER.

D. M. Curnutte has successfully passed the examination for County Tax Commissioner. This is under a new law with which the people generally are not yet acquainted.

MINGO COUNTY CRIMINAL CASES ARE DISMISSED

One hundred and twenty-five criminal cases were dismissed in the Mingo county circuit court by Judge Robert D. Bailey, upon motion of the state, and it is expected that at least another 100 cases will go the same way before the April term is finished, according to the prosecution.

Besides an unusually heavy civil docket the court has to contend with a congested criminal docket, owing to the industrial controversy in the Williamson coal fields.

Reason for dismissing so many criminal cases was advanced by Assistant Prosecuting Attorney Preece, who said that those under indictment either could not be found or were dead.

The congestion of the docket has delayed trial so long in numerous cases that the defendants either have died a natural death, have been killed when in outbreaks, or escaped into Kentucky.

COAL PRODUCTION SUFFERS IN THE BUSINESS SLUMP

Washington, April 18.—Output of bituminous coal in the week ending April 2 had slumped to 5,750,000 tons, or approximately 5,000,000 tons below the average regarded as ordinarily safe, the National Coal Association announced. The condition was attributed by the association largely to lack of a market and had resulted, it added, in the mines running at "only half capacity, with 100,000 miners idle."

DR. WINNES IS FREED ON MOTION OF PROSECUTION

Harlan, Ky., April 15.—The case against Dr. H. C. Winnes, formerly of Cincinnati, charged with the murder of Miss Lura Parsons, was called for second trial today at 10 o'clock. Immediately J. G. Forester, Commonwealth Attorney, arose, and in a written statement asked the court to dismiss the case.

Judge Davis concurred in the plea and ordered Dr. Winnes to be dismissed. This Judge, Commonwealth Attorney and many others congratulated Dr. Winnes and greetings were extended to him from every side.

Floyd Lyrd, who was prosecutor in the first trial, was not present. Neither was any member of the Pine Mountain School.

Following is the statement filed by Commonwealth Attorney Forester in dismissing the case:

"May it please the court, this case was tried at the January term, resulting in a hung jury, with 11 for acquittal and 10 for conviction. No new evidence that would throw any light on the case. The evidence shows that others had an opportunity to commit the crime, but to my mind it is not sufficient to prove who did this murder.

"The evidence against the defendant is circumstantial; it is scattering in its nature and only tends to show an opportunity on his part to have committed this crime. It wholly is insufficient, in my judgment, to convict him or to uphold a verdict of conviction if one was had. It would be a waste of the money of the state to proceed further with the case, and it would take valuable time of the court, all to no purpose.

"When I consider his good name and character as a citizen and his integrity as a man, as established here by good men and women from different parts of the state and from his former home in Cincinnati, I cannot believe he committed the crime.

"To his devoted wife and daughters, who have stood by him with unshaken confidence during this most trying ordeal, in the name of Kentucky, I give him back."

Dr. Winnes left Harlan tonight for Cincinnati.

HARBIN-WATSON REVIVAL NOW ON AT PIKEVILLE

Messrs. Harbin and Watson passed through Louisa Saturday evening en route to Pikeville, where they opened a revival meeting at the M. E. Church South Sunday morning. A number of Louisa people were out to the station to see them.

They closed a great meeting at Beaumont, Texas, last Wednesday. So great was the interest at the expiration of the time originally set for the close of the meeting that it was continued two weeks. They are exceedingly earnest and able revivists.

LOUISVILLE WANTS LARGE SLICE OF FEDERAL MONEY

EASTERN KENTUCKY NEEDS TO LOOK AFTER HER ROAD PROJECTS.

The attention of all Big Sandy counties is called to the fact that Louisville is making a strong effort to have the State Road department advance the Louisville-Milton road project far enough up the list to get a large share of the federal aid available this year. This is a road from Louisville to Cincinnati.

If this effort should succeed it would cut out a considerable amount of work already well along toward the contract stage.

The Mayo Trail would be in danger if the Louisville people should succeed, as it would not leave the necessary federal aid for this project.

The Big Sandy counties must get busy immediately and stand for their rights. They have promptly met all demands and are ready with their end of the bargain.

The next regular meeting of the State Road Commission will be May 9th.

The Louisa Board of Trade is taking the matter up, and the other towns and counties of the valley should do the same.

Langley Will Ask for New U. S. Court in Kentucky

Washington, April 13.—Establishment of a third United States District Court in Kentucky will be provided in a bill to be introduced by Representative John W. Langley, Tenth Kentucky District.

The new district would be known as the Middle District of Kentucky, and would be composed largely of territory taken from the Eastern District.

The bill will provide for sessions of the federal court at Pikeville, which would be made headquarters of the Eastern District, Mr. Langley said.

Covington, now headquarters of the Eastern district, would become headquarters of the Middle district, and Louisville would remain headquarters of the Western district.

Mr. Langley has not decided on the geographical division that he will include in his bill, but he said sessions now held at Covington, Frankfort, Richmond and Lexington would be included in the Middle district.

"Because of violations of the Volstead Act, the Eastern district now has more work than it can take care of, and the Western district is also hard pressed," Mr. Langley said.

"In addition, the Eastern district includes too much territory to be properly handled. I should have proposed this bill at the last Congress, but had it passed President Wilson would have named a Democratic Judge."

HUNTINGTON MAN DROWNED IN SURF AT LOS ANGELES, CAL.

Los Angeles, Cal.—Police and life guards at Ocean Park, near here, have given up hope of finding the body of W. C. Biddle, a recent arrival here from Huntington, W. Va., who disappeared in the surf of the Pacific Sunday, while his wife and baby looked on.

Now that search for the body has failed to reveal it near shore, it is expected it will be nine days from the time of drowning before the body is recovered.

Mrs. Biddle has given up hope. "He was a good swimmer back home in the waters of the Ohio," she says, "but had little experience with the ocean. Besides, he was handicapped by a leg injury received in the late war."

She believes her husband's death directly due to a cramp which took him below in the breakers before he could call for aid.

DEATH OF J. L. MCCOY.

Brief mention was made last week of the death of Mr. J. L. McCoy, former editor of the Pikeville News, which occurred in New York City on last Thursday. Mr. McCoy was a resident of Owingsville, but for the past two years had had charge of the Pike County News. His health has been in decline for several months, growing steadily worse. Some weeks since he was taken to New York and placed in a hospital for radium treatment.

The funeral and interment, took place in Lexington Sunday. Mr. McCoy is survived by his wife, who was before marriage Miss Emma Lewis, of Salt Lick, two sons, Malcolm and Lewis McCoy, of Owingsville, and one daughter, Mrs. Logan Shearer, of Lexington, who was with her father in New York at the time he passed away.

AN ENJOYABLE DAY.

At the home of Mrs. Cora Burton in Louisa last Sunday fifteen members of the Burton family were entertained for the day. Those from out of town were Mr. and Mrs. A. T. Burton, of Theakins, and Mr. and Mrs. Sullivan Burton, of Greasy.

BASEBALL GAME.

Richardson's Black Sox will play Louisa's High School team and the Junior Nine on Saturday, April 23rd. Everybody come to the "Point" at 7 p. m. and don't forget to bring a little extra change to help pay the expenses of the Black Sox.

The Old Dollar is Coming Back

Reports from various parts of the country indicate that the dollar is staging a come-back, with a promise of gradual return to its old-time purchasing power.

This is welcome news for all of us who have been wrestling with the cost-of-living problem.

It is welcome news also for the many people in this community who are saving wisely against the time when the dollar will buy a full dollar's worth again.

"Keep on saving," is our advice. The old dollar is coming back.

DOLLY DIMPLES.

HUBBARDSTOWN

John W. Fannin, a well known citizen of Wayne county, formerly of Kentucky, celebrated his 82nd birthday. A fine dinner was spread which every one enjoyed immensely.

Many nice presents were given the aged gentleman. Those present were: Children, Mr. and Mrs. John Shephard, of Estep, K. C. Mr. and Mrs. Dee Shortridge, of Normal, Ky.; Mrs. Mart Shortridge, of Normal, Ky.; Mrs. Lizzie Davis, of Ashland, Ky.; Grandchildren: Mr. and Mrs. James B. Foster and little son Herbert Nell, of Huntington, W. Va.; Mr. Bert Fannin of Ashland; Mr. John Fannin, of Port Gay, W. Va.; Miss Adron Rayburn, of Hubbardstown, W. Va.; Friends: Miss Marie Powers of Spring Hill, Ky.; Mr. C. L. Lett, Miss Opal Meade, of Hubbardstown.

In the evening before each one departed for their many places of abode prayer was held to ask God that Uncle John might live to enjoy other such days and that they might be an unbroken and reunited family in heaven. The old folks have our kindest regards.

DELILAH KEGLEY.

The subject of this sketch was born in Wytheville, Va., July 2, 1850. When a small girl she united with the Methodist Church South of which she remained a member until her death December 29, 1919. She was married to Joel Kegley of the same place and county. Before the breaking out of the civil war they, with a number of families, came to Kentucky, settling in the wilderness. Clearing up the land and tilling the soil they raised a family of nine children, seven of whom still survive the mother. She was loved by all who knew her and was a good Christian mother.

Some 32 years before her husband on his way from church, he was killed by a falling tree, she with five others escaping injury. When being visited by the doctor she asked him to tell her what he thought of her case, being told that she could not get well, she said, "It does not excite me a bit; I am ready to go." She left a host of friends and relatives to mourn her loss. But she waits to greet them at the Pearly Gates.

Senator Stanley's father died last week at the age of 89. He was a minister in the Christian Church for 60 years.

Former Senator Beckham has formed a law partnership with Elwood Hamilton and W. T. Beckham. They will have offices in Louisville, Frankfort and Shelbyville.

In another column of this paper will be found particulars of an effort to increase freight rates on coal from the L. & N. fields of Eastern Kentucky to Cincinnati, which are lower than the C. & O. rates. A better plan would be to lower the rates of the latter to the L. & N. level. Even then the rate from the Big Sandy field to Cincinnati would be over 50 per cent higher than five years ago. This ought to be sufficient.

The Commonwealth's Attorney at Harlan has secured the dismissal of Dr. H. C. Winnes, tried recently upon the charge of murdering Miss Lura Parsons. This action will meet with general approval, as the public believes that awful crime was committed by convicts that were being permitted to run at large in the mountains where the school teacher was killed. This was one of those rare cases where an innocent man suffers severely because of slight circumstantial evidence. The one jurymen who stood out for his conviction must be a rank misfit in the general economy of this world.

The railroads would do a great service to their country and make more money for themselves if they would reduce freight rates to the point where certain lines of business would not be killed. One instance showing that great losses are resulting from excessive freight rates came under our observation recently. While in Florida we saw an item in a local newspaper stating that 1200 car loads of good, juicy, fine flavored oranges in one county were being dumped to rot because freight rates are so high that growers and shippers can not get as much in the markets north of Florida as the freight and packing amounts to. These are the smaller sizes of oranges—just as good as any, but the large ones only will command a price sufficient to absorb the present high freight rates. Thus the growers lose heavily, the pickers and packers suffer, the railroads lose the business, and the consumers of oranges are deprived of delicious and wholesome fruit at a reasonable price.

The United States has a large surplus of food products to export and we are set to sail for them in Europe. Now Congress is preparing to do the very thing that will make it impossible to trade with those countries. A high tariff on manufactured articles will prevent Europe, in her stricken condition, from buying anything of consequence. She has not the gold and if we shut out all her products she has nothing to pay with. America has no need to fear crippled Europe industrially. We are the most effective industrial nation in the world, with vast natural resources, educated labor of a higher class than exists anywhere else, and the most highly developed system of industrial management and mechanical production.

CHURCH NEWS AND OTHER MATTERS OF RELIGIOUS NATURE

Christian Education.

Franklin K. Lane, former Secretary of the Interior under President Wilson, recently said: "If the 5,500,000 illiterates in the United States were stretched in a double line at intervals of three feet, and were to march past the White House at the rate of twenty-five miles a day, it would require more than two months for them to pass."

The curse of our fair land is ignorance and illiteracy, but a better day is dawning; both Church and State are beginning to realize that America's salvation lies in educating the masses. Every State in the Union is giving largely for educational purposes, and all honor to the Southern States especially which are making heroic efforts to reach the neglected and uneducated. Coupled with what the States are doing is the work of the Southern Methodists, Southern Baptists, Southern Presbyterians, Episcopalians and other religious bodies who are untiring in their efforts to provide better equipment and better facilities for young men and women who are being urged as never before to take advantage of the opportunities made possible by the liberality of laymen of all denominations.

Lost—Somewhere between the breakfast table and the first anthem, on Sunday morning, twelve immortal minutes of divine worship and opportunity in the house of God. Same should be returned, if over found, to the Latecomer family on Churchgoers Street; finder will not get much reward, but the Latecomers will be richly rewarded and the service of God made much more efficient. (No charge for this insertion.)

Bishop Darlington May 8th.

Elsewhere in the NEWS will be found the commencement calendar for Jno. C. Mayo College, Paintsville, announcing the baccalaureate sermon by Bishop Darlington, on May 8th, and an address by him on the evening of that day. Paintsville will have a number of visitors on that occasion.

M. E. CHURCH SOUTH.

District Conference.

A committee has been appointed to secure entertainment for the preachers and delegates who will attend district conference here May 11-13. About 50 are expected. Bishop McMurray is expected to be present.

At last Sunday morning's service we had several visitors and at the night service our time honored friend Jack Thompson worshipped with us. It will be remembered that the beautiful Bible that adorns the pulpit was presented by Jack at the time of the completion of the church on the first Sunday it was opened for worship. This

gift has always been much appreciated on the part of the congregation.

The three minute speakers serving since last week were: Sunday school, Mrs. J. H. Preston; morning church service, Miss Margaret Lackey; evening, Mrs. W. E. Queen; prayer meeting, Miss Elizabeth Vates.

The Junior Missionary Society will meet at the church Saturday afternoon. All members are urged to be present. Officers will be elected at this meeting.

A full attendance of Sunday School Class No. 7, M. E. Church South, April 24, in classroom "Eden" at 9:30 a. m. is earnestly requested. An important matter is to be taken up and discussed.

G. B. CARTER, Teacher.

A cordial invitation is extended to all one to attend these services.

JAS. D. BELL, Pastor

FIRST BAPTIST CHURCH.

Our services were well attended last Sunday. At the night service Dr. Anderson preached to a full house on "Some Rules for the Formation of Right Associations."

Monday evening Miss Allen, District Secretary of all the Big Sandy Association, made an inspiring address to the women of our church.

On last Saturday a social for local benevolent purposes was held at the residence of Miss Jessie Sammons and was largely attended.

The following is a list of Dr. Charles Fox Anderson's sermons to young men:

1. The Hour and the Man.
2. The Effects of Bad Company.
3. Some Rules for the Formation of Right Associations.
4. The Fast Young Man.
5. The Game of Life.
6. Investments.
7. What Books Shall We Read?
8. Human Nature.
9. A Humm Model and the Perfect Model.
10. My Old Kentucky Home.

This series of sermons will be published in book form and the book will be of most interest to those who have heard the sermons. Everybody is most cordially invited.

Don't forget that Dr. Anderson's subject for next Sunday night is "The Fast Young Man."

IN LOVING REMEMBRANCE

The death angel visited the home of Charley Wilson April 14 and took his loving wife. She was laid to rest in the Linsy graveyard beside her baby, overlooking her sister's home. She was sick only a few days. Everything was done that loving hands could do, but Jesus saw best to take her home. Services were held by Bro. Bentley. She was 23 years old. Eight years ago she was converted and lived a true christian until her death. She

had been married six years. She was a good wife and a good mother. She was loved by all who knew her. She leaves a husband, three small children, a mother, father, sisters and brothers, besides many sorrowing friends to mourn the loss of dear little.

Weep not, dear ones after this dear one, but just be ready to meet her in that bright world where parting never comes. We know it was sad to part with her, but we know by her walks

she is resting in the paradise of God. She always had a smile and a kind word for all she met. If there ever was a person that was a child of God dear little was.

She is gone but not forgotten. Never will her memory fade. Sweetest thoughts will ever linger Round the grave where she is laid

A TAXPAYER'S VIEW.

Blaine, Kentucky.

Editor of the Big Sandy News:

I see in your last issue that the
Board of Equalization has raised the
assessed value of the property of the
county \$723,666.

It seems that the taxpayers do not
realize the full effect of the work of
the Assessor and that board. The State
Board only required a raise of \$300,-
000 above what the Assessor reported.

If I am informed right the Assessor
failed to list about \$100,000 worth of
the property. If that had been prop-
erly listed it would have only required
a raise of \$200,000. Instead of rais-

ing the amount required, they have
raised it over \$400,000 more than was
required. Thus it will be seen that the
taxpayers will have to pay a big a-
mount more than they should. No fam-
ily in that sort of work. That is not all,
there had to be summoned, 890 tax-
payers at a cost of about \$500 to ap-
pear before the board, some riding
over 30 miles, taking two days, and
other expenses. TAXPAYER.

Wisdom.

When I have ceased to break my wings
against the faultiness of things,
And learned that compromises wait
Behind each hardly opened gate,
When I can look life in the eyes,
Grown calm and very coolly wise,
Life will have given me the truth,
And taken in exchange—my youth.

Sara Tinsdale.

Possibly the older generation cannot
understand the newer principles of ed-
ucation, but whatever the principles
used the results are expected to be
more or less the same. A few things
that have come to our notice recently
lead us to believe that the girls and
school houses made better men and
women than the boys and girls who
come out of our imposing school build-
ing of today.

One thing that seems to be left out
of our present day-school curriculum
is training in honor. What has become
of the men and the women who would
stick by their word once given, for all
time thru thick and thin. Our young
men and women in these days make
promises and the promises amount to
as much as the proverbial scrap of pa-
per. Whose fault is it? Not theirs.
They have never been taught that it
is dishonorable to go back on a prom-
ise.

We are not knocking the school.
We realize they are doing their best
to fit our young people for the com-
petition they will meet in a swiftly
advancing age. Yet at the same time
we cannot refrain from thinking that a
few of the old-fashioned principles of
education could well be retained in our
schools. In our zeal to have our boys
and girls grow into successful men and
women as far as brains or money are
concerned we should not neglect our
duty of making honorable men and
women also.

Thoughtfulness of others is a rare
quality and one which few of us try
to cultivate. We are all very careful
to be thoughtful of ourselves, but when
it comes to the other fellow it is a
different proposition.

If you will find some thoughtful per-
son and watch the situation you will
find that nine cases out of ten of his
regard for other people cause him not
the slightest inconvenience. It is in
the small things that thoughtfulness
is best shown—a letter to save some-
one from worry—a phone call if you
must be late for an appointment—a
quick turn of the conversation to save
someone embarrassment—small things
but sometimes they prevent a world of
worry and trouble.

Intolerance is a fault easy to under-
stand because we all have it to rather
a marked degree—easy to understand
but difficult to overcome. It some-
times seems strange that we meet so

much intolerance when circumstances
are constantly bringing conditions to
our door that we would not tolerate in
others last month or last year. But we
always make ourselves believe that
there is some excuse for us, that con-
ditions are different, with us than with
anyone else. It is true that conditions
may excuse us, but we should also re-
member it is quite probable we do not
know the conditions in the other case
either and they may make things
quite as excusable. Sooner or later
most of us will have to tolerate very
much the same things in ourselves,
that we will not tolerate in others.

Self-esteem is a good thing but you
don't want too much of it; enough of
anything is enough, and no matter how
good a thing is, too much is more than
you need, and self-esteem is no ex-
ception to the rule.

It is well enough for a man to hold
his head up and step around with an
air of considerable importance if he
is really doing any good in the world
by living in it. Of course a man
wants to possess self-confidence, and
wants to think he is just as good as
anybody, but he don't want to think
that the welfare of mankind hinges
on his actions, or that the earth rests
on his shoulders.

You cannot increase a man's circum-
ference of thought by a tape or find
out his weight in the world with a
pair of scales. The expansion of per-
sonality is limitless and depends upon
the amount of energy we may master.

It makes a lot of men feel better to
blame their troubles on the way they
were born. But they know they are
wrong. A man can't fool himself.

TWO SOUL OLD MAIDS

WOMEN GIVE OUT

Housework is hard enough when
healthy. Every Louisiana woman who is
having backache, blue and nervous
spells, dizzy headaches and kidney or
bladder troubles, should be glad to
hear this Louisiana woman's experience:
"I had a pretty severe attack of kid-
ney and bladder trouble last year and
I was up one day and down the next,
as my back was so painful. I was
dizzy and my head ached fit to split.
My feet and ankles swelled, too, and
I was in bad shape during the whole
year, until for any kind of housework.
Everything I undertook to do was a
drag to me. My kidneys didn't act
regularly, either. I heard about Doan's
Kidney Pills and sent to the Louisa
Drug Store Co. for a box. After using
them I got rid of my trouble. I am
only too pleased to recommend Doan's
Kidney Pills to others."

Price 60c, at all dealers. Don't simply
ask for a kidney remedy—get Doan's
Kidney Pills—the same that Mrs. Rin-
kin had. Foster-McMunn Co., Mfrs.,

FARM FOR SALE

I have a farm containing 170 acres
of fine Bluegrass land, with one to-
bacco barn that will hold 15 acres of
tobacco, one 5-room tenant house, one
small stable, one modern 10-room brick
house with all modern conveniences
just outside of the city limits of
Flemingsburg, in graded and high
school districts. Land is in high state
of cultivation and is one of the ideal
homes of Kentucky. The mansion and
14 acres can be bought separately.
Any one desiring a home of this kind
or a house and farm of this size would
do well to get in touch with me. This
is not my farm, but is placed in my
hands for sale and personally knowing
the place as I do, I would recommend
it as being one of the ideal places
of the State, in good county and town.
If interested come and see, or write.
JNO. W. BORDERS,
Flemingsburg, Ky.

YOU don't use as much
of Calumet as you do of
most other Baking Powders.
It has more than ordinary
leavening strength. You
save about half.

You don't pay a big price for
Calumet. It's sold at a
moderate price—that rep-
resents another saving.

You don't feel uncertain as
to results. Baking never
fails—because Calumet never fails
below the proven standard of "Best
by Test."

It possesses the highest qual-
ity ever put into a Baking
Powder. Contains only such
ingredients as have been offi-
cially endorsed by United States
Food Authorities.

For weeks, for months, it
keeps as fresh and full of
strength as the day it left the
Calumet Factories, the World's
Largest, most Sanitary and Modern
Baking Powder plants.

It is important that you use only
straight wheat flour (not self-rising
flour) and pure baking powder if
you wish to obtain the gluten de-
manded by sound health.

Calumet Gold Cake Recipe

Yolks of 8 eggs,
1 1/2 cups of gran-
ulated sugar, 1/2
cup of water, 1/2
cup of butter,
2 1/2 cups pastry
flour, 3 level tea-
spoons Calumet
Baking Powder,
1 tablespoon of
vanilla. Then
mix in the regu-
lar way.

BOYS APPOINTED CANDIDATES FOR ANNAPOLIS BY ERNST

Robert Allen, Louisville,
was appointed an alternate candidate.
Howard Greene, Newport, was named
principal and Walter Justice, Morehead,
alternate.

Warehouse Area At Camp Zachary Taylor

Splendidly constructed, built upon
concrete foundations, having the
Southern Railway tracks on one side
and a rock-splashed road on the other,
these thirty-one warehouses would
make an ideal nucleus for a co-opera-
tive warehousing system for the mar-
keting of tobacco, grain and other Ken-
tucky farm products.

Built upon heavy foundations, which
have been subjected to the carrying
of enormous loads, the warehouses
would serve admirably for the storage
of tobacco, hides, wool and other com-
modities which the farmer sells today
at a low price because of the swollen
market. Here the farmer could store
his products with the knowledge that
he had access to a ready market at the
proper season in the railroad facilities
and roads leading into Louisville.
A wonderful opportunity is presented
here for the establishment of a loose
leaf tobacco market in Louisville with
these warehouses purchased at a low
price to form the base of a warehouse
system, either on a co-operative plan
or on a straight money-making propo-
sition.

Stress has been laid on the fact that
a great deal of tobacco now being
grown in the outer edge of Jefferson
County and the adjoining counties, in-
cluding those in Southern Indiana,
must be hauled long distances to reach

a loose leaf market, because so much
market exists in Louisville, and the
immense benefits to be gained by
the farmer through the establishment
of such a market have been ad-
mitted.

Hope had been expressed that the re-
cent meeting of the State Farm Bu-
reau in Louisville may result in the
development of a plan whereby these
warehouses could be utilized for the
service of the farmers, through their
acquisition by an organization of men
interested in farming, and it is hoped
that such an organization will be for-
mulated prior to the sale of the build-
ings, which begins on April 23.

CAMP ZACHARY TAYLOR

AT ABSOLUTE AUCTION

Beginning Monday, April 25, 1921, at 10 a. m.

And continuing day by day until all land, buildings and equipment have been sold. The properties to be disposed of at this sale, represent an outlay on the part of the Government of

Ten Millions of Dollars

All of which will be sold, in units, to suit purchasers at
The Greatest Auction Sale in History

Sectional view of one of the areas at Camp Zachary Taylor showing character of buildings to be sold.

This Army Camp comprises 2,000 acres of valuable land, adjoining the city of Louisville, together with 2,000 buildings of various sizes, and a vast amount of equipment, such as boilers, plumbers' supplies, stoves, hot water heaters, radiators, electrical equipment, motors, heating and refrigerating plants, etc.

THE BUILDING PROBLEM

For years building has been at a practical standstill. The high cost of material, especially lumber, and the scarcity of labor have compelled a stoppage in the erection of homes, storehouses, barns, etc. That time has now passed. Workmen have been released by the hundreds of thousands and Camp Zachary Taylor will release lumber and equipment. 68,000,000 feet of yellow pine will be disposed of at this sale and at such prices as bidders see fit to

pay. Come to this greatest of bargain sales and buy what you want at your own figures. Join with your neighbors in making up car lots to save freight rates. A vast number of cedar, white oak, chestnut and creosoted fence posts, water troughs and grain bins will interest every farmer. There are miles of woven wire hog-tight fencing. Two grain elevators, completely equipped with motors, conveyors and chutes.

OUR GUARANTEE

This is an absolute sale. You win or you lose on April 25th. We sell no one privately, but do an exclusive auction business. No set price, no reservation, no by-bidding, no private sale. This has been our motto for the twelve years we have been in business, during which time we have operated from the Great Lakes to the Gulf, and have never failed or refused to sell a single piece of land, or property of any kind, after it was placed under the hammer. You make the price. The Government makes the deed. That's all!

Wish Less and Do More; If We Rest, We Rust

By Ransom Bolen,
(Student, Kentucky Normal College)

There's a lot of people all around us that wish for great things and dreams of great laurels which they desire, but the little spark of energy has long since been drowned by laziness.

There's a lot of people who like to speak of great improvements and great fame attained, but they're always waiting to rest, and they're the kind that are always tired. The biggest trouble with the civilized world today is because they have rested so long they are rusty, and good and dirty.

It's the man behind the plow that's not tired; it's the men and women in the factory that are never rusty, because the world has learned to depend on them for their products, and they have learned the great lesson of doing great things instead of longing for them. When we say we have plenty of time to do anything, it's because we are rusty, for our time is and ought to be the most precious thing we have.

Life, (Write I guess I miscalculated some, because they never knew why they were living or what they lived for.) For the most they exert themselves to tell lies, tattle, eat, drink and sleep. These people are the rusty bunch—the dirty dozen—that cause us so much trouble.

You know there's a lot of people will say, "Well, I don't do anything, because I haven't anything to do. Sure, I think I would like to work but we have nothing to do." You might ask them if they can hoe corn, and they would rear up on their hind legs and squall. No, they didn't know how. Again you might ask them if they could manage a large business firm, and a timid-like they would say, "No, I wasn't properly educated for that business."

Then, my young classmates and friends, there was something for them. In do—they could learn. You know you never get the joy out of anything until you have learned the particulars of it. And these rusty, grouchy, good-for-nothing, wishing people never get any real joy out of life, because they have never learned to do. When you complete a task and think you've nothing to do, you ought to hum that little song, "Look all around you, find someone in need, and help somebody today." I'm sure there is a task left undone and you are exactly the one to get up and go do it. And when you get rusty, and feel tired and want to think how bad fate is sitting out her decisions to you, just simply spur yourself once or twice and start another little song, "Brighten the corner where you are," and if you do that someone else will get ashamed of their dirty little hole and start cleaning it up too.

Now, that is exactly the way to keep from getting rusty. And if we keep joggling away on some unfinished task you will be so busy you won't have time to sleep around and while your time away wishing for something.

So let us, as students, as young men and women of Kentucky, be the boys and girls our fathers and mothers think we are. For the task they carry for us today will be ours to carry for the future generations tomorrow.

Let's get our shoulder behind the fire, wishing bunch and then a shove, and a boost into the river of life, because there is something in them, and it is up to us to get it out.

So look all around you, find out someone in need and brighten the corner where you are. If we do this no time will ever be wasted building air castles which will rust and their thin walls of imagination fall before they reach the ground.

So here's to the rusty bunch. Give 'em a spur and send them on.

THE LOUISVILLE

Courier-Journal

The Great Paper of the Southland

The Courier-Journal is ably edited; it is sane and dignified in its handling of news; it is fearless, yet fair, in its editorial utterances; and it always will be found the champion of clean government.

The Courier-Journal surpasses all its competitors in equipment for getting the news of the day, because it has not only the Associated Press dispatches but the full wire service of the New York Times. In addition it maintains staff correspondents at Frankfurt and at Washington.

No Kentucky Home Is Complete Without It.

By special arrangements we are now able to offer

THE DAILY COURIER JOURNAL

AND THE

BIG SANDY NEWS

Both One Year, by mail, for Only \$5.50

This offer applies to renewals as well as new subscriptions, but only to people living in Kentucky, Tennessee or Indiana. New subscriptions may, if desired, start at a later date, and renewals will date from expiration of present ones.

If you prefer an evening newspaper, you may substitute The Louisville Times for The Courier-Journal.

Send or bring your orders to the office of

BIG SANDY NEWS

ORR, KY.

The Fiscal Court of Lawrence county has since its establishment turned a deaf ear to the citizens of Orr, Ky., as concerns its roads leading from Webbville, Ky., to Orr postoffice only a distance of about 3 1/2 miles and fully two-thirds of this distance is in the creek, compelling pedestrians to wade the creek and in the winter the roads are almost impassable to anyone riding horseback or driving, on account of ice.

We have remained quiet long enough and for our rewards, we received naught—though henceforth we expect to be recognized as one of Lawrence county's communities as we feel sure to pay that a sole "dollar bill" of the county's money has not as yet found its way to this road and if any locality in Lawrence county has any more traffic, any more good citizens, any more business, any more need of a few dollars to be spent in this direction in a vicinity completely cut off by no roads at all.

The road had been planned by Judge Hogg some several years ago

and not any more made since and we feel it a remorseless shame, ridiculous to have to come out openly to the public that the county officials will allow such treatment to any of her neighborhoods.

The writer being a traveling salesman through the section of Lawrence and Elliott counties has failed to find any piece of road, even in Elliott county so badly neglected and regret to say that during bad weather the citizens have to resort to "bridle paths" across hills to get to train and secure mail.

There are about 250 citizens of Orr and business from oil fields and an outlet of Canes creek is through this route and we can't lay down under this pressure any longer as we must have a road this coming summer and fall if possible.

The candidates for County Judge and Magistrate for this section will do well to give their policies in detail to a meeting to be held by the citizens of Orr to be announced at a later date as to this road, for we, the citizens, have decided to drop politics in as much as our welfare is concerned

and a road and not so much promising is what will be our demand.

The writer does not wish to offend anyone with this article, however, he feels it absolutely necessary to make moves in the directions of securing help from our county who take our taxes willingly but forgets us till taxes are to be paid again.

MOUNTAIN SCHOOL OF D. A. R. TO BE LOCATED AT HUEYSVILLE, FLOYD CO.

Lexington, Ky.—Hueysville, in Floyd county, was chosen as the site for the proposed Daughters of the American Revolution mountain school at a conference of the chapters of the D. A. R. in Kentucky. Sixteen of the thirty-six chapters were represented by twenty-nine delegates. The vote in favor of Hueysville was 14 to 11, four of the delegates not voting.

According to the report of the committee, headed by Mrs. Charlton Alexander, which selected the site, Hueysville offered \$17,000, divided as follows: \$10,000 in six and one-half acres of land, \$6,000 in a new building and \$1,000 in cash. The committee visited Hueysville last December.

Other sites suggested were in Lee, Menifee, Leslie and Elliott counties. Objections to Lee county were that the county was wealthy enough to maintain its own school without the aid of the D. A. R.—Louisville Times.

How Will They Look ? Months Later

THAT IS THE IMPORTANT QUESTION
IN BUYING CLOTHES.

It is easy enough to make clothes that look good the day you buy them. But it takes fine woollens, expert tailoring and clever styling to produce clothes that will look good after many months of hard wear.

PIKEVILLE

Aged Citizen Dies

Aaron H. Pinson, aged 76 died at his home near Rockhouse Fork, of Big Creek, April 8. He suffered a stroke of paralysis some time ago and death was expected. Mr. Pinson was born and reared in Pike county. The deceased was united in marriage early in life to Miss Margaret Davis, who survives him. The following children are left to mourn: Geo. Pinson, of Pikeville; Dr. V. B. Pinson, of Virgie; John, Sam Ben, Will and Vicy, of Sidney; Mrs. Sarah Alley, Borderland; and Boone, of Jarrod. He was a man of good standing, and was well liked by a host of friends.

The New Depot

J. E. Childers, L. L. Stone, M. C. Juntice and Judge W. W. Reynolds, appeared before the Railroad Commission in behalf of the people of Pikeville in regard to the building of a new depot. The committee dismissed the petition on the ground that they had no jurisdiction to compel the railroad to build a new depot. Mr. Harris, superintendent of the C. & O., of Ashland, informed the Commission and also the committee that a new depot would be built at Pikeville just as soon as sufficient funds were in the treasury. We need a new building and the promise of a larger and better one is encouraging.

Local and Personal

Buster Reynolds is home from Staunton Military Academy for a visit with his parents, Judge and Mrs. W. W. Reynolds. Mrs. Thos. H. Harmon went to Cincinnati Monday, where she stopped before going to Newport to attend the Presbyterian meeting. Mrs. Harmon was accompanied as far as Ashland by Mr. Harmon who later joined her in Newport, where he was a delegate to the Presbytery.

Howard Burpo, of Jenkins, passed through this city Monday on route home from an extended stay in Florida. Mrs. Burpo and son stopped at Verona, Ky., for a visit with Mr. and Mrs. Fred Ratcliff.

Dr. and Mrs. M. D. Flannery left Sunday morning for a week's stay in Louisville, where Dr. Flannery is in attendance at the American Legion meeting.

Miss Maude Whitt of Ransom who was operated on a month ago at Huntington for appendicitis, passed away Thursday night. She was laid to rest in the Alley cemetery near her home. The deceased was the daughter of Mr. and Mrs. G. W. Whitt.

The residence of Willis Waldron, barber, located on Railroad street, was destroyed by fire Saturday night. A large amount of the furniture was saved. The family was not at home when the fire started.

Rev. M. J. Dick has been called as pastor of the Pikeville Christian Church and is now located in the Shaver property.

Rev. J. F. Pauley returned from Nashville and Louisville where he spent several weeks with his daughter, Miss Nancy.

Dr. J. F. Record was in Newport several days this week attending the meeting of Ebenezer Presbytery.

lege for the past two years and is one of the leading educators of the county. He is well qualified for the position. He will hold the office four years.

Star Player From Johnson

It will be of interest to the people of Orfitt, this county, to know that one of their local young men, Robert Hayes, is a star player on the U. S. S. Minnesota baseball team. The position on the team that makes Mr. Hayes most prominent is catching. The Minnesota team has won many victories over some of the best teams in Havana, Cuba.

New Building

F. M. Stafford will start work at once on his new building on Main street, adjoining the new building of Copley, Ward & Preston. Mr. Stafford announces that this will be his last building and also the best, therefore will be modern in all respects. Mr. and Mrs. Stafford returned last week from Florida where they spent the winter.

Dr. Bayes Ill.

Dr. F. M. Bayes was stricken last week with apoplexy and for a time his many anxious friends and the attending physicians feared that he would not recover. He is improving.

Dies at Age of 106 Years

Mrs. Eunice Lemaster, one of the oldest residents of Magoffin county, and possibly of all Eastern Kentucky, died at her home at Faleon on April 1 at the ripe old age of 106 years. She could sew without the use of glasses and maintained all her faculties until her death. She had always worked without tiring. She had never missed a meal or taken a dose of medicine during her long life until the day before her death. She had always been a devoted member of the United Baptist Church being a member of the church at the head of the State Road. She had many friends and relatives throughout the county, including three sons and three daughters who survive her.

Local and Personal

Mr. and Mrs. Geo. B. Rice returned last week from St. Petersburg, Fla., where they spent the winter. Mr. Rice made a number of investments in the "Land of Flowers." Both were delighted with the country.

Mr. and Mrs. Samuel Cassidy and daughter Gladys and son William, of Crum, W. Va., are here the guests of Mr. and Mrs. Will A. Ward.

A new baby boy has registered at the home of Mr. and Mrs. J. N. Meek on Third street.

Mrs. Stanley Temple of Dayton, O., is visiting her parents, Mr. and Mrs. C. B. Vaughan, Paintsville Herald.

INEZ ITEMS

I. S. Hyman of Huntington, W. Va., President of the Martin County Lumber Co., was attending court here this week.

Robt. Morris, of Huntington, and J. D. McLaughlin of Kermitt, were here this week to appear before the Board of Supervisors in behalf of the Buck Creek Coal Co. and Earlston Coal Co. Mr. Sublett of Charleston, W. Va., spent a number of days here during court looking after matters in connection with the assessment of the United Fuel Gas Co. It is reported on the street that the gas company will surrender the county. This is due to the action of the Board of Supervisors who raises the value of their lease hold to double the amount they assessed it. The company owns thirty odd thousand acres of leases in this county for which they pay the citizens large sums of money each year and if the leases are surrendered as stated it will be a heavy loss to the land owners that have been receiving these rentals. The rentals have paid the tax and helped them in many ways and if the leases are surrendered the land owners will have no one to blame except the present Board of Supervisors. All should pay tax on their property at a fair value but there is such a thing as taxing business out of the county. We feel that the Board was honest but there is an old saying that "a half loaf is better than no bread." If the leases are surrendered as indicated the land owners property is not leased on the first day of July, the valuation of his property will be increased and the burden will be on him, without income from his property.

M. B. Collinsworth, of the Dawkins Lumber Co., was attending court here looking after his interests. "Mose" has been in the timber business in this county for several years but now is connected with the Dawkins Lumber Co. at Carver, Ky., where one of the most modern lumber plants in the State is being installed.

Rev. E. N. Hart of Prestonsburg, was here a few days and preached a very interesting sermon. Rev. Hart for several years past has been pastor of the Presbyterian church at this place and is one of the strongest preachers in the valley.

Rev. Frank Hart, pastor of the Presbyterian church in this week attending the Presbytery at Newport, Ky.

Mrs. H. G. Newberry and Miss Julia Watterson were business callers at Milo last week.

Miss Hattie Chapman of Wolf was visiting her uncle, Hon. L. F. Aldridge last week.

Some FACTS About

Ford

THE UNIVERSAL CAR

Here are authentic figures from the Ford factory at Detroit. They show you just how many Ford cars and trucks have been built each month since January 1, 1921, and how many have been sold to retail customers, in the United States.

| | Produced | Retail Customers Delivered to |
|------------------|----------|-------------------------------|
| JANUARY | 29,883 | 57,208 |
| FEBRUARY | 35,305 | 63,603 |
| MARCH | 61,886 | 87,221 |
| Total Production | 127,074 | Total Retail Sales 208,032 |

showing that actual sales for the first three months of 1921 exceeded production by 80,958 Ford cars and trucks!

April requisitions already specify 107,719 additional cars and trucks and the estimated April output of the factory and assembly plants combined calls for only 90,000!

These facts clearly show that the demand for Ford products is growing much faster than manufacturing facilities to produce and were it not for the dealers' limited stocks, which are now being rapidly depleted, many more customers would have been compelled to wait for their cars. It will be only a matter of weeks, therefore, until a big surplus of orders will prevent anything like prompt deliveries.

If you would be sure of having your Ford car or truck when you want it, you should place your order now. Don't delay. Phone us or drop us a card.
